

# Maple Weekly Review

Week ending: 5<sup>th</sup> April 2019

The children have had a very busy week! They have enjoyed completing their Titanic rooms, creating Faberge eggs, participating in an Easter assembly and testing their skills with some SATs revision! We wish you all a lovely, restful holiday and a very Happy Easter!

## English

In English this week, we have completed our biographical texts. The children have learnt about some incredible people who have done some amazing things! This week, the children have also worked on their grammar and spelling skills. We have also worked on reading comprehension. The children will be bringing home some grammar and spelling work over the holidays. Please ensure that they read regularly and keep practising those key skills!

## Maths

In Maths this week, we have been learning about translation of shape and missing co-ordinates. The children have been learning how to read and plot shapes in all four quadrants and how to translate them around a point. The children have also completed some reasoning tests and have worked on some complex problems requiring them to apply a wide range of mathematical skills.

## Enrichment

This week, the children have completed their Titanic rooms. They have demonstrated some excellent DT skills when creating furnishings and accessories and have used their independent research to inform their designs. Children thought carefully about the décor and the purpose of the rooms and were very inventive in recreating key details from the actual ship in their designs.

## SATs

After the holidays, children will be preparing for SATs week. They have been working very hard and have made great progress so far. To ensure they continue to do so, we have sent homework to complete. They do also need a good rest and lots of fun as well! Our motto for revision would be 'little and often' to keep things ticking over! Happy Easter!

## HOMework

DAY	SUBJECT	DUE IN
MONDAY	Science – None set	
TUESDAY	English – Grammar and Spelling Revision	Fri 26th April
