

Willow's Weekly Review

Friday 5th April 2019

Happy end of Spring term everyone! It has been a busy few months but a great deal seems to have been packed into the term! Today's Easter Community assembly reminded us all once again of the Easter story and it was lovely that children from different classes contributed.

Have a happy Easter holiday,
Mrs Balls and Mrs McKeever

Curriculum News

In Maths we have continued to look at measuring and in particular capacity this week. The children were asked to predict which of these 2 containers would hold the most water.

Great fun was had by all as they experimented As a preparation for our cross curricular ordered the instructions for making fairy demonstrating their skills of being part of knowledge of recipe instructions into practice. The children were quick to remind me the order in

which the recipe should be followed! Everyone participated and enjoyed producing their artistic cakes, proudly clutching them as they left school at the end of the day.

Home Learning

No new home learning this week but snuggle up with some good books. It would be helpful if you could go through some of the different phonic sounds that you've been asked to practise. Thank you.
