

Maple Weekly Review

Week ending: 7th June 2019

It has been lovely to welcome the children back to school this week after half term. They are full of enthusiasm and worked hard to produce an excellent class assembly in a very short amount of time! Next week, we will be completing the Spelling Test for the Spelling Bee Spellathon! Please revise your words and remember to get sponsorship!

English

This week, the children have co-written and edited a script for their class assembly. They had excellent ideas to include and were very imaginative when it came to props and accessories! We worked on performance skills and comic timing, which we think we pulled off perfectly! We hope you enjoyed watching it!

Maths

In Maths this week, the children have started a new project examining their own mathematical mindset. They chose and then gathered data that revealed confidence, resilience and how much they liked Maths. We are using this as our baseline against which we hope to show an increase in all areas as we learn about how the brain learns and how attitudes and mindset can affect this. The key message they have learnt this week is that anyone can be good at Maths and that thinking deeply when presented with challenges actually makes the brain grow.

The Fiver Challenge

We have started our Fiver Challenge! This is an enterprise project spanning 4-5 weeks, where the children will work in teams to design and produce products to sell at the Year 6 Summer Fete. So far, the children have formed groups, created team names and created logos. They have also discussed what kind of products/services they would like to provide. Please keep in mind that the idea of this challenge is to use just the £5 provided by the school and to see how much money can be made from this investment. Nobody is expected to provide funds of their own – hence the name of the project! Many thanks.

HOMEWORK

DAY	SUBJECT	DUE IN
MONDAY 10.6.19	Spanish revision	14.6.19
TUESDAY 11.6.19		
THURSDAY 13.6.19		

DATES FOR YOUR DIARY AND NOTICES
