

Rosewood

Weekly Review

Week Ending 20th April 2012

What's been happening this week?

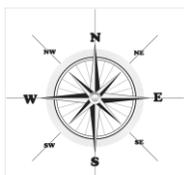

LITERACY

This week in Literacy we have been looking at newspaper reports, We began by revising the key features of newspaper reports that we found out about last half term. We then went on to look at some newspaper reports about the upcoming Olympic games. The children were given the task of identifying key information such as who, what, when, where and why. Next week the children will be writing their own newspaper reports about our Bourn Primary Olympic opening ceremony!

NUMERACY

In Numeracy this week we have been looking at direction. We began by revising the four main compass points and went on to learn about the additional compass points, NW, NE, SW & SE. We then discussed other directional vocabulary such as clockwise, anti-clockwise, quarter turn etc. The children learnt the relationship between fractional turns and degrees. Later in the week we revised our understanding of coordinates. Next week we will continue our work on coordinates and direction.

Ask your child to explain how many degrees are in a quarter turn, half turn etc.

OLYMPIC OPENING CEREMONY:

On Monday afternoon we are hoping to host our Bourn Olympic Ceremony. However, this will only be able to go ahead if the weather stays dry. Please check the website on Monday morning for up to date event information and cancellations. Could I also take this opportunity to remind you that all children should have a T-Shirt in their team colours for this event. Many thanks.

SWIMMING: Swimming will take place in the normal PE slots on Wednesday and Thursday with effect from w/c 30 April. However, Rosewood will have an additional swimming slot, which I will teach on a Friday morning.
