Weekly Review

Week Ending 11th June 2012

What's been happening this week?

LITERACY

This week in Literacy we concluded our exciting work on Greek myths and legends. The children enjoyed continuing the following story, based on Theseus and the Minotaur: *Imagine that you have travelled back in time to Ancient Greece. You are scared and hungry so you take some bread from a cart in the busy market place. Unfortunately King Midas is in one of his moods. He sends you to the labyrinth.*

Ask your child to tell you about their myth.

NUMERACY

$$4 \overline{)28}$$

$$8 \overline{)40}$$

In Numeracy we have been revising the use of division. The children have completed calculations using a variety of different methods including sharing and chunking. Some of the children have also begun to use the short written method to divide.

Ask your child how they would solve the division calculations on the left hand side.

RE: This week we have been looking at the religion of Islam. The children revised a number of key facts about the religion including the place of worship and the holy book. We then went on to create some geometric patterns which can often be found decorating the beautiful mosques.

PE: This week in our swimming sessions the children have been working on the leg actions. Some children have been further developing their breast stroke leg action whilst others have been working on their dolphin kick.

NEXT TUESDAY IS THE YEAR 4 MINI OLYMPICS. CHILDREN MUST REMEMBER THEIR KIT, DRINK AND A PACKED LUNCH FOR THIS EVENT. PLEASE COULD YOU ENSURE THAT YOU HAVE RETURNED YOUR PERMISSION SLIP TO THE SCHOOL OFFICE.

NOTICES

- 19th June: Year 4 Mini Olympics
- 22nd June: Bourn Proms
- 29th June: Cedar Assembly
- 5th July: "Moving On" Morning
