Background

In April 2013, the Government announced new funding of £150 million for Physical Education (P.E.) and sport. This funding should be used to improve the quality and breadth of PE and Sport provision. The funding is for the period 1 September 2013 –31 August 2014, September 2014 to August 2015, September 2015 to August 2016, September 2016 to August 2017 and September 2017 to August 2018. This funding is ring fenced to be used for sport specific areas to make an impact in Physical Education and Sport in schools.

Schools are able to determine how best to use this funding to improve the quality and breadth of their P.E. and Sport provision, including increasing participation in P.E. and Sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

The following table outlines how we plan to allocate our funding during the academic year September 2017 to July 2018.
