

Maple Weekly Review

Week ending: 14th September 2018

It has been a very busy week in Class Maple. The children have settled in well, learning the new routines and timetables. It has been lovely getting to know them better! We look forward to seeing many of you as possible at the 'Essential Guide to the Year Ahead' evening next week. Have a lovely weekend!

English

In English, we have been focusing on drama and performance in the run up to our Assembly on Roald Dahl - we hope you enjoyed it! We have also looked at key skills in English - completing a guided reading session and a comprehension exercise as well as grammar tests to familiarize ourselves with some of the new vocabulary and terminology.

Maths

This week, the children have worked on place value and number. We developed our mental arithmetic skills involving place value and explored some problem solving linked place value. Our weekly tests involve knowing all times tables and being familiar with money, time and other measurements. Ensuring number bonds, units of measure and times tables are secure will really help the children in this area. We also played a practical game with dice to create the largest and smallest numbers possible using up to 6-digits and placing our results on a number line.

Enrichment

This week saw the launch of our Enrichment topic: Ancient Egypt! The children investigated a recently discovered Egyptian tomb, filled with ancient treasures and artefacts. They then had to attempt to identify the objects, creating a list of their findings and creating detailed drawings of some of the key objects. They also completed a news report about the discovery of the tomb!

P.E.

The children have enjoyed lots of P.E. since being back at school and are currently focusing on their skills in tennis and rugby. In rugby, they have been learning how to pass backwards whilst moving forwards and how to dodge and avoid an opponent.

HOMWORK

DAY	SUBJECT	DUE IN
MONDAY	Science - Light information book	Thursday
TUESDAY	English - Charity choice.	Friday 21.09.18
THURSDAY	Maths - Place Value and rounding.	Wednesday
