

Pedar's Weekly Review

Friday 9th November 2018

We have had a lovely week; we are getting stuck into our Christmas songs now and enjoying lots of festive singing. Thursday night's 'movie night' was a huge success and as you can see the children came out full of smiles after having enjoyed the movie and tucking into their hot dogs, popcorn, chocolate bars, and ice pops!

English

We have continued to work on poetry this week and enjoyed some more humorous poems: 'Ghoul School Rules' and 'Where Teachers keep their Pets' as well as the narrative poem: 'We lost our teacher to the Sea'. The children have learnt how to recognise adverbial phrases and use them in their own writing. They are also getting more creative with their use of adjectives and adverbs.

Maths

This week we have been concentrating on multiplication and consolidating our understanding of it by grouping statements about multiplication into 'always true', 'sometimes true' and 'never true'. The children have also been practising their 2, 4 and 5 times tables, chanting in time to the beat of the metronome and some have even taken on my 'beat the metronome' challenge! They have also been working hard to secure their understanding of grid multiplication of the 2, 3, 4 and 5 times tables multiplied by two digit numbers.

Science

This week we have been comparing the nutrient needs of different living things. It has been interesting to compare the children's opinions of what nutrients we need versus the actual amounts of nutrients we need. I think they have been equally surprised as me at the contrast in results. This has enabled us to reinforce our need for carbohydrates and fats to provide us with energy and protein for growth and repair.

Dates for your diary

- ✚ Saturday 1/12 = Christmas Capers
- ✚ Tuesday 11/12 and Wednesday 12/12 = Christmas play performances
- ✚ Friday 14/12 = No Assembly/ Children's Christmas Lunch
- ✚ Tuesday 18/12 = Christmas Carol Service in Church, 6pm
- ✚ Wednesday 19/12 = last day
