

Willow's Weekly Review

Friday 29th March 2019

It has been another fun-packed week in Willow class! Thank you so much for attending the Parents' Consultations evenings this week. I have enjoyed talking about your wonderful children and sharing their achievements and targets with you. I can't believe that there is only one more week of term left! I am sure that everyone is looking forward to a good rest.

Have a lovely weekend and enjoy Mothering Sunday!

Mrs Balls and Mrs McKeever

Curriculum News

This week we have visited the Church two times- for an Easter experience and also a special Easter service on Friday. The children watched a video of children acting out the Easter story and were then divided into 5 groups. They visited different stations in the church learning about the Easter story. Many thanks to our parent helpers- Ava's mum and Florence's mum who also kindly took these photos for us.

The children have enjoyed writing the Jim and the beanstalk story which has enabled them to concentrate on the flow of their writing. This also meant that they used full stops and capital letters more successfully too. In Maths we have continued thinking about measuring and in particular exploring the concept of weight using vocabulary such as heavy, heavier than, light, lighter than and the same or equal to. These practical maths sessions were great fun!

Home Learning

This week there is a new list of spellings to read and practise writing as well as a practical Maths measuring activity which Mrs McKeever has kindly prepared. Please continue to read with your child regularly too. We are collecting a new bottle of 5p coins so please keep saving them!

Diary Dates

End of term: **Fri 5th April**
