

Weekly Review – Maple Class

Friday, 27th September 2019

R.E.

This week, we have been talking about different Christian world views. We have been exploring what type of text Genesis is and what it means to different types of Christians in relation to creation. We had lots of interesting discussions!

ENGLISH

This week, we have learnt about the Mary Rose as this will be the subject of our own non-chronological reports. We learnt how it was the flagship of the English fleet and Henry VIII's pride and joy prior to its demise! We examined suppositions about why it sank and sorted them according to theme and probability.

MATHS

This week, we have continued looking at partitioning and place value. We have then applied all our knowledge into solving some enquiry problems and being able to explain our ideas mathematically and in depth.

You are invited to a parent workshop: Screen Time Battles on Thursday 16th January, 6:30pm-7:30pm at Bourn Primary. Please see the school website for details of other parent workshops being run in our locality or contact samanthastacey@cambridgeshire.gov.uk for details on how you can get more support advice with all aspects of parenting.

DATES

Tuesday 8th October: BSA Recycling Bag drop
Friday 11th October: 10.15am KS2 Harvest in Church
Open to parents. Volunteers required please!
Wednesday 16th October: Movie night after school
(more details to follow).

NOTICES

If you haven't already done so, please can you return end of day handover information. It is vital we know the arrangements for your child.

Thank you!

HOMEWORK

English: The Mary Rose
Maths: Exploring other number systems
Science: To research Big Bang theory
Reading: Daily

HOW YOU CAN HELP:

Discuss learning, read with your child, practise multiplication tables, discuss the fate of the Mary Rose, ask the children to retell the story of Genesis.

hope courage justice forgiveness friendship
