

Weekly Review - Willow Class

Friday 27th September

In Science we have been looking at the weather and we made our own weather wheels! This week we have had rain, sun, wind and fog!

We have been thinking about the characteristics of God in RE. We thought that he was clever, kind and caring to create our world.

We read the book 'Colour of Home' in PSHE and thought about how we feel when we go to a new place.

I don't know where the week has gone! We have had yet another busy time in Willow class and the children have been working very hard and experiencing lots of different areas of the curriculum. Thank you for helping your child with the spelling home learning last week- there are more words to practise writing and learning for next Tuesday. Please also continue to hear your child read, I have been very impressed with their reading!

You are invited to a parent workshop: Screen Time Battles on Thursday 16th January, 6:30pm-7:30pm at Bourn Primary. Please see the school website for details of other parent workshops being run in our locality or contact

samantha.stacey@cambridgeshire.gov.uk for details on how you can get more support advice with all aspects of parenting.

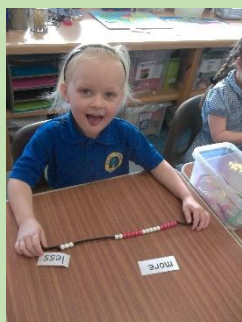

Tuesday 8th October - Bag Drop - Your child should have received a bag to be filled with unwanted adult and kids clothing, shoes, bags, toiletries, bed linen. The heavier the bags the better as we get paid per kg. Please then bring filled bags into school on the morning of 8th October.

Friday 11th October - Harvest service in Church at 9.15 am. You are warmly invited to attend.

Wednesday 16th October - Movie Night

Friday 18th October - Willow Class assembly

Mon 21st-25th October- Half term holiday

We have been learning about the language of 'more' and 'less' in Maths.

Fun with instruments in Music this week.

In Art, we looked closely at shells and drew them. We also painted ourselves, thinking about realistic choice of colours!
