

# Weekly Review – Rosewood Class

Friday 17<sup>th</sup> January 2020

## Maths

This week in Maths, we have been consolidating our times tables knowledge by completing a range of activities based on the 6, 7 and 9 times tables including both multiplication and division facts. As you know, the children have a test at the end of the year and need to know each question of the times tables in less than 6 seconds. It would be great if you could support this by ensuring they complete activities on TT Rockstars or supporting them learning their times tables in another way.

## English

This week, we describe forest settings, which contrasted to Anthony Browne's forest setting. The children worked hard to apply many of the grammatical features that we have been learning in their writing including subordinating conjunctions, fronted adverbials with commas after them and prepositions. The children also worked hard to improve their vocabulary choices.

## Chinese Music

This week we enjoyed listening to a wide range of Chinese instruments and having a turn with some of them. What a fantastic experience we had!

## Messages

Well done Rosewood Class for trying super hard with your class assembly. I am really proud of you.

## Information

We will be having such a late night on 3<sup>rd</sup> February travelling back from the O2, children may come into school later the next morning. Please can all children be in school by 10am. Of course, children may also come in at the normal time too! A later start will not affect your child's attendance figures, as the registration for the children arriving later will be at 10am on that day.

## Homework

**Reading-** daily- this will be recorded on a chart

**Spellings-** will commence next week

**English homework-** will be developing reading comprehension and understanding of settings by drawing pictures of a setting.

**TT Rockstars-** Get at least 1,000 points.

**Maths-** 6,7 and 9 times table game- please enjoy playing this at home to develop your children's fluency with these multiplication tables.
