

Science Week

British Science week takes place nationwide between the 6th and 15th of March. We are holding our own Science Week at Bourn between the 9th and 13th of March. If you work in any of the science fields including technology, engineering, maths, social sciences or economics, and would be willing to come in and give a demonstration or presentation to any of the classes, please could you get in touch with Mrs. Wheatman via the office. Please pass the word on, having visitors come in to share their experience of science is so inspiring for the children.

Open Classrooms

On Tuesday 11 February at 2.30pm, you are invited to come to your child's classroom to have a look through their books with them and see what they have been learning. This is an informal opportunity to celebrate with your child how much they have learned since the start of the year.

Chinese New Year Celebrations

A reminder that we will be holding our Chinese New Year celebrations on Monday. Children are invited to dress entirely or partially in red. There will be a special lunch with a fortune cookie! We will also be taking part in music workshops.

If you haven't yet done so, please make your payment on the Gateway, thank you.

Bourn Primary Academy

10 January 2020
