

Activity 1

Who am I? What do I enjoy?

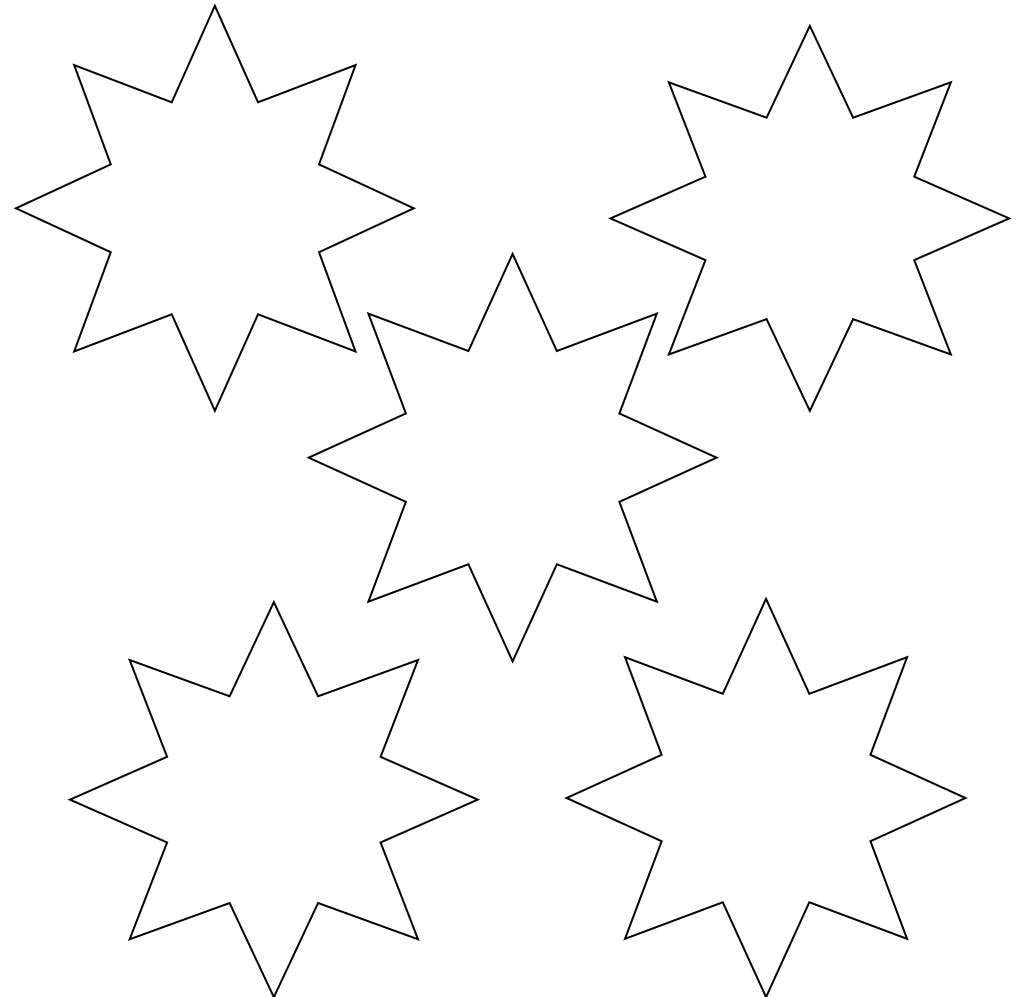

Look at the statements on the wall below and using a pale colour pencil, colour in the bricks that are true about you. One is left blank for you to fill in your favourite hobby or pastime. On the website there is additional information for each box.

I like performing	I like computers	I like travel	I like being outdoors
I like being with animals	I like working in a group or team	I like making things	
I like		I like helping people	
I like organising people and things	I like learning languages	I like drawing and designing	
I like writing	I like solving puzzles	I like sport	I like numbers
I like doing research and find out about a topic			

Activity 2

Thinking Ahead

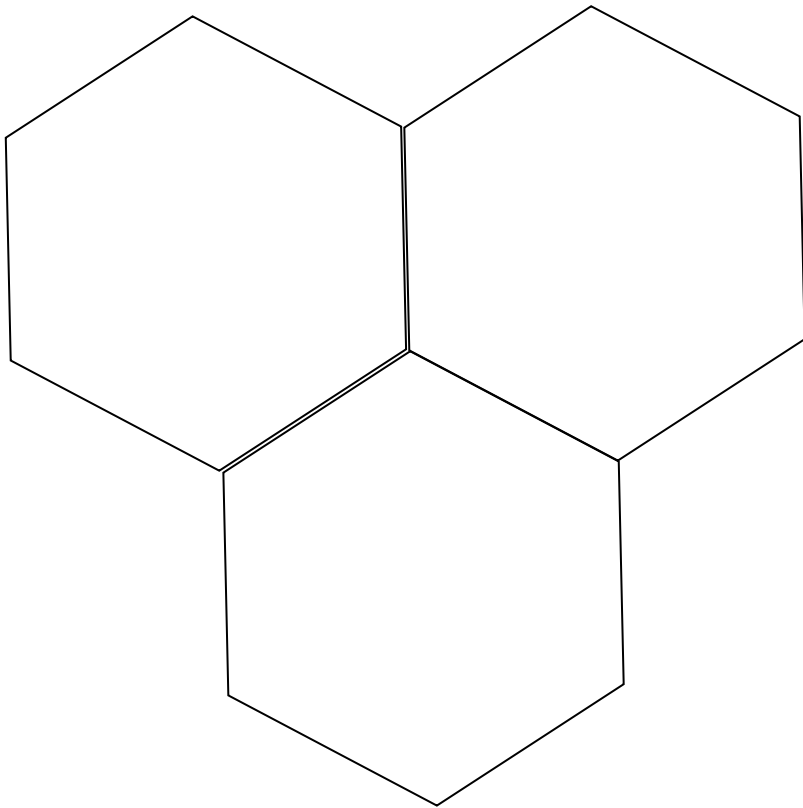

Look at the statements you chose on the wall. Now decide which 5 are most important to you and write them in the stars below.

Activity 3

Learning and Work

Now think about school, what subjects do you enjoy or are you good at? Write one subject in each shape.. The website has all the subjects that you study at school listed.

Activity 3

Putting it all together.

What you do in the future will be based on the types of things you like to do as well as the subjects you study at school or beyond.

So at the moment, when you grow up, what do you think you would like to be?
