

# Weekly Review – Acorn Class

25<sup>th</sup> September 2020

## THIS WEEK

**This week has been a week of firsts. We have learnt our first sounds, enjoyed a daily walk/run, visited the nature reserve, had fun with friends in the playground, eaten lunch at school and had a super first PE session...phew! We are very proud of how well the children are adapting to school life. Please encourage them to enjoy an earlier bedtime and to rest after school...they will need some extra rest and relaxation!**

**We have enjoyed learning our new sounds s a t p and meeting the Phonics Fairy.**

**We have been reading the Colour Monster and talked about what feelings we experience through the day.**

## NOTICES & REMINDERS

26<sup>th</sup> – 30<sup>th</sup> October: Half Term

17<sup>th</sup> November: Flu vaccinations in school

### HOW YOU CAN HELP:

This week we have started our Storytime phonics programme and your child will have brought some sounds home to practise: s,a,t,p. We have also sent home a 'Sparkle mark' sheet which will support you and your child with letter formation. Please contact us if you have not received this sheet and if you need any further support.

We have explored numbers 1-5 this week and have practised saying the number, making the number and writing the number. Please go on a number hunt around the house or outside, finding numbers 1-5 in the environment. Find 1-5 objects and match to a number. You could hop, skip, jump, clap that number.

If you'd prefer to snuggle under the duvet, you could watch numberblocks series numbers 1-5 on your television or tablet and sing along!

## NEXT WEEK

We will continue with our Colour Monster story and make our own Colour Monster puppets!

We will learn the sounds: i n m d and practice sound talking words using the sounds we've learnt already.
