

Weekly Review – Hazel Class

11th September 2020

THIS WEEK

Hazel Class have settled back into the routines of school. We have got used to washing our hands regularly and making sure we keep our desks tidy! We have learnt about: shape poems in English and we have started our topic of Rainforests in Geography. As well, we have learnt about being a bucket filler after reading the book 'Have you Filled a Bucket Today?' We have also learnt about The Power of Yet.

NOTICES & REMINDERS

PE days are Monday and Thursday

HOW YOU CAN HELP:

When reading with your child ask them questions about the story/book:

- What has happened so far?
- What do you think is going to happen next?
- Why do you think this?
- What do you like most about this story/book? Why?

NEXT WEEK

We are going to be focusing on working with numbers up to 100 in Maths and will continue to learn about shape poems in English.

We are going to be using maps in Geography to identify the locations of Rainforests and we will be identifying the key parts of a plant in Science.

We will also start our philosophy for children lessons.

Homework starts next week but, in the meantime, don't forget to keep reading!

Our classroom for this year!
