

Weekly Review – Acorn Class

16th October 2020

THIS WEEK

It is hard to believe that we have only one more week of the first half term in Reception! The children demonstrated how much they have learnt during our whole school Fire Drill. They responded so well to instructions and behaved brilliantly. Well done Acorns!

We have learnt our first digraph (2 letters, 1 sound) this week 'ck'. The children have also been working on blending sounds together to make words and segmenting words to hear each sound.

The children enjoyed two very exciting trips to the nature reserve. They took part in a scavenger hunt and made their very own fairy wands!

Show and Tell has kept us all interested this week. Thank you for helping your child prepare to speak about their special item. We look forward hearing some more Show and Tell presentations next week!

NOTICES & REMINDERS

26th – 30th October: Half Term

20th and 22nd Oct: Parent consultations

17th November: Flu vaccinations in school

HOW YOU CAN HELP:

This week we have continued our Storytime phonics programme and your child will have brought some sounds home to practise: ck, e, u, r. Please work on linking these graphemes to the sounds and forming them correctly (see 'Sparkle Mark' sheet).

If you haven't already received or accepted your 2Simple invitation please let us know in person or via email. The 2Simple Profile will provide a really useful link between home and school.

Thank you for booking parent consultations for either Tues 20th or Thu 22nd Oct. We look forward to discussing how your child has settled into their new 'school life' next week.

NEXT WEEK

We will explore changing the setting within familiar stories and creating repeated patterns.

We will learn the sounds: h b f l and practice sound talking words using the sounds we've learnt already.
