

# Weekly Review – Hazel Class

16<sup>th</sup> October 2020

## THIS WEEK

In Maths, we have been working on adding and subtracting 1-digit and 2-digit numbers.

In English, we have now finished our unit of work on Wiffy Wilson. Hazel Class have created some wonderful character descriptions, which are going to look great on display!

In Science, we looked at Volcanoes and in Geography we turned into Rainforest Explorers to help categorize the animals of the Rainforest! It was a very important job but everyone in Hazel Class stepped up to the challenge!

## NOTICES & REMINDERS

Please send your child to school with a waterproof coat and wellies everyday so that they are prepared to go outside in all weathers!

Parent Consultations are next week:  
Tuesday 20<sup>th</sup> and Thursday 22<sup>nd</sup>

## HOW YOU CAN HELP:

Continue to read with your child and ask questions about the story/book that they are reading.

## NEXT WEEK

In Maths we are going to be solving word problems using our knowledge of addition and subtraction and will also be adding two-digit numbers together

In English we are going to be using all of the knowledge and skills that we have learnt and revised throughout this half-term, to write a descriptive piece of work about Year Two so far.

In Science we are going to look at the layers of the Earth and in Geography we are going to be creating our very own Rainforest Animals!

And so much more!

## Homework

This week's spelling homework is to practice these words:

*who, what, when, where, why, whisper and whales*

Children could challenge themselves and write down sentences that include each of the words.

This week times tables homework is to practice the 10 times tables.

And don't forget to keep reading!

The crazy hairstyles we were making in the Nature Reserve after reading 'Wild'

Some of the artwork that Hazel Class have been working on with Mrs. Latham.
