

Weekly Review – Hazel Class

27 November 2020

THIS WEEK

This week has been DT week and our theme was wheels and axles. Every child has made their own moving vehicle, which included designing their product, as well as building it. The children have shown a lot of resilience and have been using the Power of Yet continuously throughout the week! They all look fantastic!

NEXT WEEK

Next week in Maths we will be finishing our unit of work about Money and we will then start to learn about making and adding equal groups.

In English we are going to be using our plans to help us write our stories. We will be focusing on adding lots of great description to our writing.

In Science we will be making our own electrical circuits!

And so much more!

NOTICES & REMINDERS

Reading books can be returned to school on either a Monday or a Thursday. White Reading Records can now be brought in with the books too.

Please ensure that your child comes to school wearing warm PE clothes on Monday and Thursdays.

HOW YOU CAN HELP:

Continue to read with your child and ask questions about the story/book that they are reading. Also, ensure that your child is practicing their phonics sounds.

Homework

This week's spelling homework is to practise adding 'ies' to the end of nouns and verbs that end in 'y'. Children can come up with their own list of spellings that follow this pattern as well as practising the below words:

Fly → flies, try → tries, reply → replies and carry → carries.

This weeks' times tables homework is to practise the 2- and 5-times tables.
