

Weekly Review – Cedar Class

Friday 4th December

NOTICES & REMINDERS

Hopefully you have now all received by email about indoor and outdoor shoes. It would be great if you could ensure that your child has an alternative pair of shoes in school so we can protect our carpets. Thank you for your support!

HOME LEARNING:

Maths:

Well done to everyone for your effort with the mental maths practise this week, we had a terrific week and the children made great progress!! Keep practising and let's see if we can do as well next week.

Times table Rockstarz

English: Daily Reading and Spelling practise: creating adverbs using the suffix -ly (root word ends in 'ic' or 'al').
You have one week left to complete your optional enrichment home learning activities-books are due back in school by the 16th December.

THIS WEEK

We got very festive as we made a start on the filming of our Christmas performance. The children really

enjoyed dressing up and getting into the festive spirit. I challenged their knowledge of addition and subtraction by getting them to problem solve in maths and they have been developing their knowledge of informative writing in English. They learnt about the hillforts of the Iron Age and they have been investigating textures in art. The children enjoyed playing with Boomwhackers in music to the tune of Popcorn and it sounded amazing!!

NEXT WEEK

We will be continuing to develop our skills in informative writing in English and we will be exploring magnets further in Science and looking at their poles. In maths, we will start to look at multiplication by making equal groups and sharing and we will be exploring the Iron Age in more detail in History.
